About Novus

Our Story:

Novus established in 2014 which was a biotech company. At the same time, we were a company beneath the HKSTP and Cyberport.

Our Mission:

Rendering the biomaterial and orthopedic solutions with high-quality, eminent and potent in order to ameliorate the health problems in the society, no matter human or animal.

Our Hope:

Even though we are still a small size company, we hope that our venture will be a model for other young scientists to follow and try audacity to transform the concept from theoretically into reality.

Our Team

Dr. Wilson KL Wong, PhD

CEO/Founder

- Funding & business development
- PhD in Bioengineering (HKU)

9 Professional Advisors

Included:

Mr. Richard Elman

Dr. Kevin KW Ho

Prof. JL Hu

Prof. Ping Gao

>10 PhD/Mphil/Master Degree Holders

Included:

Material Science, Mechanical Engineering, Chemical Engineering, Medical Engineering, Oncology, Dentistry, Radiology

Our Competency

R&D Strategies Planning

Scale-up Strategies

ISO Management System Operation

Medical Facilities Planning & Construction

Medical Products Testing

R&D Strategies Planning

Nuclear Medicine R&D Strategies Assisting

- Clientele(s):  **RIT Biotech Co. Ltd.**

Our Role(s):

1. Keeping with the safety and good housekeeping requirements
2. Assuring the facilities were organized & well maintained
3. Setting up the R&D plan

Scale-up Strategies

Trial Sample Batch Preparation

- Clientele(s):

Our Role(s):

1. Assisting the client to prepare a trial sample batch of medicine
2. Assisting the related processes & procedures
3. Setting up the plan for the scale-up strategies

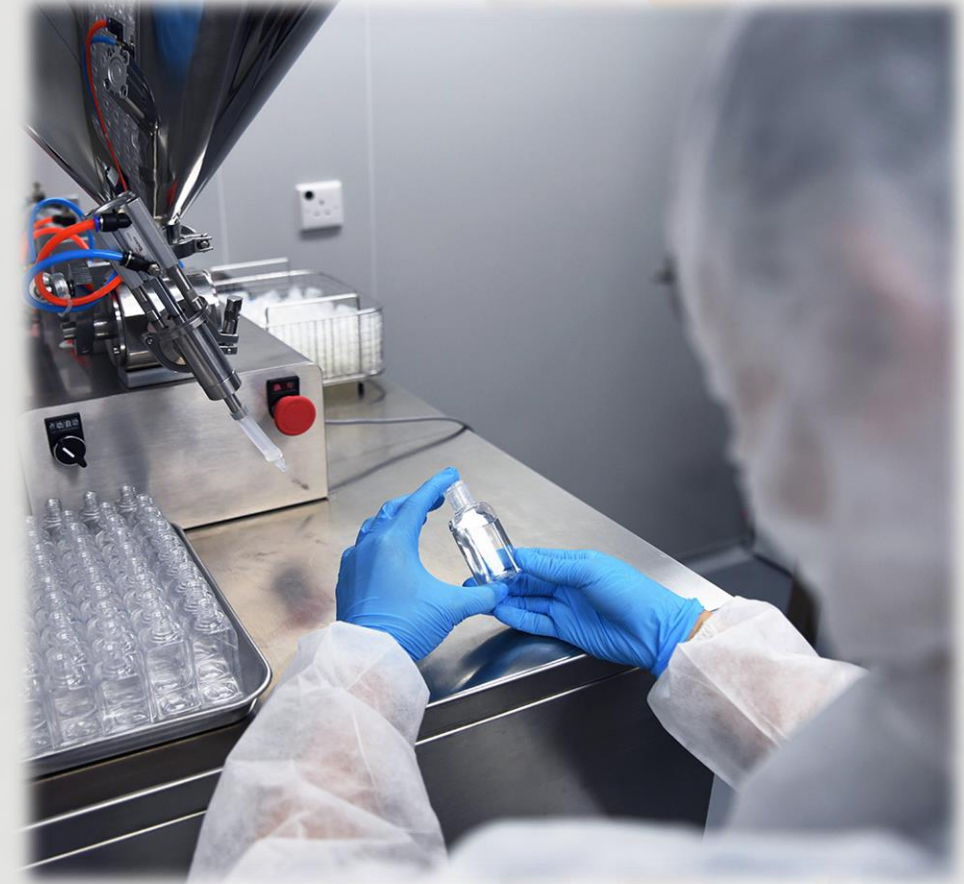

ISO Management System Operation

ISO Management System Designing & Testing

- Clientele(s): BI Beauty, **HOPLON** 確保樂, **MASKDPT**

Our Role(s):

1. Shepherding our clients to operate the system
2. Teaching our clients to use the system
3. Process monitoring
4. Establishing the manufacturing procedures

novus
LIFE SCIENCES

Medical Facilitates Planning & Construction

PCR Lab Constructing & Planning

- Clientele(s):  希華檢測(國際)有限公司
Health Hope International Medical Laboratory Limited
- Size: 6,000 feet
- Level of the Biosafety Laboratory: P2 to P3

Our Role(s):

1. Planning the laboratory construction
2. Accomplishing the contaminant-free environment
3. Keeping with the GLP regulation

Medical Facilitates Planning & Construction

Medical Cleanroom Constructing & Planning

- Clientele(s): **MASKDPT** **HKTV mall**
- Size: 500 to 1,500 feet
- Cleanroom class: Class 8 to 6

Our Role(s):

1. Planning the laboratory construction
2. Accomplishing the contaminant-free environment
3. Establishing the QMS & manufacturing procedures

Medical Products Testing

ISO 14683/ASTM F2100 Surgical Masks Testing

• Clientele(s): 禹川 U C H E E
Live a Healthier Life

異度空間工作室
2 Degree Studio

maskology
口罩·學

Our Role(s):

1. Procuring the raw materials of medical products
2. Undergoing the filtration test
3. Setting up the pre-tests before having certifications
